[NOTE: The United States Patent and Trademark Office may require additional information if there is a question as to whether either the abandonment or the delay in filing a petition under 37 CFR 1.137(b) was unintentional (MPEP 711.03(c), subsections (III)(C) and (D)).]

WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

PETITION TO REVIVE ABANDONED APPLICATION UNDER 37 CFR 1.137(B)

Applicants, through the undersigned attorney hereby petition under 37 CFR 1.137(b) to revive the captioned application from abandonment. This application became abandoned by failure to respond within the statutory period to the Office Action of September 20, 2005. The statutory period expired on March 20, 2006. In the Office Action of September 20, 2005 claims 1, 2, 4, 5, 7, 8,10,11,13, 14, 16, 17, 19, 20, 22, 23, 25 and 26 were allowed and claims 3, 6, 9, 12, 15, 18, 21, 24, and 27 were rejected.

Accompanying this Petition are the following papers:

1. A reply to the Office Action of September 20, 2005 canceling all of the rejected claims and limiting the captioned application to the claims allowed in this Office Action.
2. The Petition fee as set forth in 37 CFR section (1.17(m)) for a small entity.
3. A Declaration by the undersigned attorney setting forth the facts which demonstrate that failure to file a timely response to the September 20 2005 Office Action and the delay from the time the application became abandoned until the filing of this Petition was unintentional.

No terminal disclaimer is required since the captioned application will result in a patent which will expired twenty years from its filing date of January 14, 2004, therefore the hiatus between the date of abandonment and it's revival will not affect in anyway the life of the patent which may issue on the captioned application.

As seen from the enclosed Reply to the Office Action of September 20, 2005, this Reply provides a complete response to this Office Action and replies to all of the issues raised in this Office Action. In the enclosed Reply, all of the claims which were rejected have been canceled and this application has been limited to only those claims which have been indicated in the Office Action of September 20, 2005 as being allowed.

As seen from the Declaration of the undersigned attorney the abandonment of the captioned application by failing to respond to the September 20, 2005 Office Action within the statutory period was completely unintentional. As seen from the facts presented in the enclosed Declaration of the undersigned attorney, the failure to file a timely Response and the delay from filing this timely response to this Office Action to the filing of this Petition was due to the fact that at the time the Office Action was

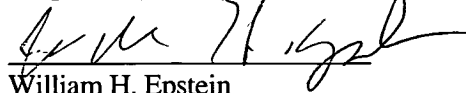

due, these files were in the process of being transferred from the former attorney Weingram & Associates to the undersigned attorney of record and the undersigned attorney did not receive this application and the Notification of Abandonment until the end of April, 2006. After receiving this information, the undersigned attorney inquired with respect to the assignee Fintex as to whether they wish to pursue this application and whether there was any intent in their part to abandon this application. Therefore, as seen from the foregoing the entire delay for filing this reply until the filing of this petition pursuant 37 CFR section 1.137 was purely unintentional.

Correspondence and Fees

A check in the amount of \$750.00 is enclosed for the fee required under 37 CFR section (1.17(m)) for a small entity. If any additional fees are required, authorization is hereby given to charge Deposit Account no. 03-3839 for any underpayment, or to credit any overpayments.

DECLARATION OF WILLIAM H. EPSTEIN

I, William H. Epstein, a citizen of the United States, declare that:

I am a registered patent attorney whose registered number is 20,008;

The captioned application has been assigned to Finetex, Inc. of Elwood Park,
New Jersey and was previously prosecuted by Weingram & Associates P.C. a firm
headed by Edward Weingram;

I am presently responsible for the prosecution of the captioned application;

This Declaration is being submitted to present the facts to demonstrate that the
failure to respond to the Office Action of September 20, 2005 causing this application to

become abandoned and the entire delay in filing such a response on the due date until the filing of this Petition was unintentional;

This application was transferred to me by Weingram & Associates on or about April 27, 2006;

In a letter e-mailed to me on or about April 27, 2006, Edward Weingram informed me of a Notice of Abandonment from the U.S. Patent and Trademark Office dated April 5, 2006 with respect to the captioned application;

That this Notice of Abandonment was based upon a failure to respond to the Office Action of September 20, 2005, which response had a statutory deadline of March 20, 2006;

The e-mail letter of April 27, 2006 from Mr. Weingram was the first notice that the undersigned attorney received that the captioned application had become abandoned;

Until receiving the files from Edward Weingram on or about April 27, 2006, the undersigned attorney had no knowledge of the captioned application much less that it was abandoned for failure to respond to the outstanding Office Action of September 20, 2005;

On or about February 2005 Edward Weingram was notified that the Finetex patent applications were to be prosecuted by the other attorneys and that the files should be transferred;

From the date notification until approximately April 15, 2006, the Finetex files were being collected, packaged and stored for delivery by Weingram & Associates to the undersigned attorney;

Weingram & Associates were not aware of the abandonment of the captioned application until they received the Notice of Abandonment on April 7, 2006 in preparation for the transfer of the Finetex files to the undersigned attorney;

One of the inventors to whom correspondence in this application were sent, Ismail Walele, was no longer employed at Finetex at the time the Office Action of September 20, 2005 was received by Weingram & Associates on September 20, 2005;

Upon receiving the files of the captioned application on or about April 27, 2006, the undersigned attorney notified the assignee Finetex, Inc. that this application had become abandoned by failure to respond the Office Action of September 20, 2005;

The assignee, Finetex, Inc., on request from the undersigned attorney carried out a search to determine if they had received the Office Action of September 20, 2005;

Finetex, Inc. during early May, 2006 informed the undersigned attorney that they had no record of receiving the Office Action of September 20, 2005 before the undersigned attorney sent this Office Action to them;

Upon reviewing this Office Action, during early May, 2006, Finetex, Inc., informed the undersigned attorney that they did not wish to abandoned this application and wished to obtain a patent on the claims that were allowed in this Office Action;

Finetex, Inc. also informed the undersigned attorney that had they known of this Office Action at an appropriate time that they would have requested further prosecution in order to obtain the claims that were allowed in this Office Action;

I further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that all statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

William H. Epstein
